

## **EUROPEAN CERTIFIED PHARMACOLOGISTS (EuCP) PROGRAMME**

### **ACCREDITATION AND CERTIFICATION FEES**

A one-time accreditation fee has to be paid by a participating national society of pharmacology to the EuCP Programme for Accreditation of a national EuCP scheme. In case a society wishes to establish separate programs for differently qualified pharmacologists, a separate fee has to be paid by the society for each accreditation procedure.

A separate administrative fee has to be paid by the national society for each diploma to be granted to an individual who has been successfully evaluated by that society. This applies equally to initial certification diplomas as well as to re-certification diplomas.

Whether or not a national society of pharmacology wishes to charge fees to applicants for EuCP certification may be decided by this society on its own.

Fee for accreditation of a national certification scheme  
as part of the EuCP Programme ..... € 500.00

Administrative fee for each individual diploma ..... € 50.00

Invoices for payment of the applicable fees will be issued by the responsible Treasurer and will be sent to the respective national society of pharmacology.
